PrairieFood announces Robert V. Gunderson, Jr., founding partner and Chairman Emeritus of Gunderson Detmer Law Firm has joined the Board of Advisors.

Lawrence, Kansas, October 28th, 2022 — PrairieFood, the developer of an innovative technology that enhances the natural process of atmospheric carbon capture in soils to organically boost agricultural productivity and water storage and to speed renewable fuels production, announces Robert V. Gunderson, Jr., founding partner, and Chairman Emeritus of Gunderson Detmer Law Firm, has joined PrairieFood's Board of Advisors.

Gunderson is internationally recognized as one of the most accomplished lawyers in the market of venture capital and emerging growth companies. He has made a name for himself over four decades by representing the interests of some of the most renowned emerging growth companies in financing deals, IPOs, and M&A transactions.

"I am excited to join PrairieFood's Board of Advisors. PrairieFood has the potential not only to make an enormous economic impact but also to help solve some of the most challenging environmental and human health issues we face today," said Gunderson. "I am committed to helping PrairieFood extend its reach globally and am thrilled to be able to support Robert Herrington and the terrific team he has assembled to fulfill its mission."

"It is my privilege to welcome Bob Gunderson to the PrairieFood Board of Advisors. His long experience and success in guiding emerging growth firms through the complexities of fundraising, negotiating contracts and partnerships, and expanding internationally will greatly help PrairieFood in its journey. I am delighted that someone with Bob's experience sees the value in our mission to heal the planet, improve the lives of people around the world, and create additional profit opportunities for the customers we serve," said PrairieFood's co-founder and CEO, Robert K. Herrington.

In addition to founding the venerable law firm of Gunderson Detmer, which has deep roots in Silicon Valley and leading innovation centers the world over, Robert "Bob" Gunderson has written and spoken extensively on a variety of legal topics and is co-editor of *Venture Capital and Public Offering Negotiation*, the leading treatise in its field. Gunderson has served as a director of numerous public and private companies and is a Fellow of the American College of Governance Counsel and the American Bar Foundation.

About PrairieFood: PrairieFood, Inc. is the developer of an innovative approach to converting biomass resources into valuable carbon products to overcome the economic challenges of past biomass conversion. The company provides an attractive, cost-effective solution for managing environmentally detrimental biomass and producing profitable renewable products for the agricultural and energy markets.
